**Does it still make sense to buy a laptop with tablets having become so popular?**

There is no winner. It depends on your specific needs. 47% (48 votes)  
 Yes. Laptops have bigger screens, more storage and are powerful enough for most computing tasks. They've also become lighter and smaller over the years. 37% (38 votes)  
 No. Tablets are compact, lightweight and are easy to carry. They can also be used in a variety of specialised careers like design. 14% (15 votes)

**DUT will soon offer Mandarin courses under the recently launched DUT Confucius institute. What do you think?**

It makes sense economically. China will be a major economic and political force in our future.	37% (20 votes)
This will promote strong links between SA and China, and amongst the culturally diverse communities living in KZN.	35% (19 votes)
It's not necessary. Countries can still deal with each other despite language barriers.	26% (14 votes)
